

Wired Photobeam

Series

ABH (LED Display)

Spherical high-precision optical focusing mirror; Digital eight-segment frequency conversion, wired and bus compatible; Dynamic frequency analysis, intelligent alarm linkage; Transceiver synchronous display, intelligent rain and fog identification; Real-time status report, non-contact relay; Adjustment; Two groups of independent progressive fine-tuning; Patented balance detection, unique digital filtering.

Specification

Overview			
ABH-100F	Outdoor>150m	Indoor>450m	<ul style="list-style-type: none">• Working Voltage : AC/8-20V DC/10-36V• Consumption<2.5W• Alarm Port : DC30/100• Anti Mist Output : DC30/100• Tamper Output : DC30/100
ABH-150F	Outdoor>200m	Indoor>600m	
ABH-200F	Outdoor>250m	Indoor>750m	
ABH-250F	Outdoor>300m	Indoor>900m
